RE: PM 706 Germany

Dear Leonard:

I refer to your letter of March 9, 1983 which contained a question concerning the matter mentioned in the last paragraph of page 2 of Dr. Hach's letter of January 20, 1983, to John Bass and Jack Mandiratta of FTR.

I have had discussions on this question with Art Palmer, and Leo Meyer. Leo Meyer reports that Frank Resnick had suggested a certain course of action in this matter which Leo Meyer is to take up at the next meeting of our Patent Committee.

After learning how the Patent Committee intends for us to proceed in this matter, I will be in a position to answer your question referred to above.

Please ignore any information conveyed verbally to you by me respecting PM's former position in this matter since this may be altered following the next Patent Committee meeting.

Very truly yours,

George M. J. Sarofeen
